#INSPIRING FUTURES
TWILIGHT SESSIONS

8th November 2023
3:30-4:30pm

FUTURE TRENDS AND HORIZON SCANNING TWILIGHT PROGRAMME

Dan Fitzpatrick
THE A.I CLASSROOM

- Learn how AI can do the doing, so that you can do the thinking.
- Identify ways AI will disrupt the education system.
- Understand why the quality of your input in AI tools dictates the quality of the output.
- Discover ways educators can harness the power of AI right now.
- Explore more advanced AI and its implications for education.

@DANFITZTWEETS

The author of the acclaimed book, **The AI Classroom: The Ultimate Guide to Artificial Intelligence in Education**, Dan imparts invaluable insights and strategies for harnessing AI in education.

Dan is a prominent contributor in the media on all things AI and education, having recently been featured in Time Magazine and on CNN, Good Morning Britain, BBC Radio 4 and ITV News.

Each webinar will cost **£50** per stream, no matter how many participants you have watching.

You can also purchase a ticket for our other twilights in this series:
- Thinking about Play (11/12/23)
- Positive Mental Health (22/4/24)
- Marginal Gains (20/5/24)
- Sustainability (17/6/24)
